EMERGENCY CALLS ON PARTY LINES — WARNING — it is a misdemeanor under Oregon Law:
(1) To refuse to relinquish a party line or public pay telephone when informed that it is needed for an emergency call.
(2) To obtain the use of a party line or public pay telephone by falsely stating that it is needed for an emergency call. An "emergency call" is a call to a fire department or police department, or for emergency medical aid or ambulance service when property or human life are in jeopardy and the prompt summoning of aid is essential.

To Pay Your Bill

Mail payment to P.O. Box 3881, Portland 97208, or visit our office at 977 Commercial St., Astoria. (There is an after hours deposit box there.) Telephone bills may also be paid at authorized payment agencies. Warrenton: U.S. National Bank of Oregon, Warrenton Branch.

Long Distance Rates

Examples of a 3 minute call from ASTORIA

You pay a lower rate when you dial a station call yourself. These are calls where you dial "1", then the appropriate area code (if calling a location outside Oregon) and the called number. These calls must be billed to the number from which you are calling. Examples of rates for these calls are shown below.

CALLS YOU DIAL YOURSELF				
	MON thru FRI 8am - 5pm	SUN thru FRI 5pm - 11pm	SAT 8am - 11pm SUN 8am - 5pm	Special "One Minute" Rate 11pm - 8am Every Day
Oregon Points*				
Albany	\$.65	\$.45	\$.35	\$.15
Corvallis	.65	.45	.35	.15
Eugene	.75	.55	.48	.20
Newport	.65	.45	.35	.15
Portland	.55	.40	.35	.15
Salem	.60	.40	.35	.15
The Dalles	.70	.50	.46	.20

Marine, Mobile, Collect, Conference & Credit Card Calls

The operator can handle your call faster if you first mention the type of call, the appropriate area code and called number. Give the operator your number when asked.

Mobile or Marine

Calls may be made from your telephone to automobiles, trucks, or boats which are equipped to receive calls. Dial the operator and ask for the mobile or marine operator.

Collect

Tell the operator you want to make a collect call. The called party must agree to pay for the call.

Conference

When you want to talk to several people in different locations at the same time, dial the operator and say you want to make a conference call.

Calls Charged to Another Number Telephone Credit Card

When you want to charge a call to another number, just tell the operator.

If you have a frequent need to charge calls to another number, it would be more convenient to use a Telephone credit card. Just call the Telephone Company Business Office.

Guarding Against Fraud

For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent calls. State and Federal laws provide that it is a crime to obtain telephone service through:

1. Deception or other means to avoid payment, such as the use of a false or fictitious telephone number or other fictitious credit device; or equipment; or
2. The unauthorized use of the telephone credit card of another.

Special Area Code 800 (Inward WATS)

Some companies advertise a service by which you may dial a special number from certain locations without a Long Distance charge. Just dial 1-800, and the number. To obtain the Inward WATS number of a company which offers this service, dial 1-800-555-1212.

General Information

Your number is unique.

There is no other number exactly the same in the United States or Canada when it is preceded by your area code. Make it easy for your customers to reach you by telephone—show your telephone number and area code on all stationery, statements and advertising pieces.

Out-of-town directories.

If your telephone calling needs require use of out-of-town directories, arrangements may be made by calling your local business office.

How to identify company employees.

For your protection, every employee carries an official identification card showing his or her name, photograph, and signature. If you have the slightest doubt about anyone saying they are from the Telephone Company, please ask to see their card.

Recorded conversations—the BEEP.

When you hear a "BEEP" tone at about 15 second intervals during your conversation, the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and is not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When it is disconnected, you will no longer hear the "beep" tone.

Customer provided equipment.

CUSTOMER PROVIDED EQUIPMENT, APPARATUS, DEVICES OR SYSTEMS not furnished by the Telephone Company may be used with the Company's telephone instrument and associated equipment provided such use complies with the Company's tariffs. These tariffs are designed in the interest of good telephone service and to prevent hazards to customers and Company employees.

How to handle obscene and crank calls.

If you receive abusive, obscene, harassing or threatening calls follow these suggestions:

1. Hang up at the first obscene word, or if the caller doesn't say anything the second time you say hello.
2. If the caller asks for your name, telephone number or address, give no information until the caller has been identified to your satisfaction.
3. Advise your children to give no information to strangers on the phone. If you are not at home have them say that "mother can't come to the phone at the moment."
4. If the calls persist call your Pacific Northwest Bell Service Representative or the police department.

We remind everyone that Oregon law provides up to 1 year in prison and \$500 in fines for making obscene or harassing calls. Where evidence is clear, we are permitted to disconnect or remove the phone service of anyone making such calls.

It's the law.

Under Oregon Law, soliciting by telephone is forbidden as a deceptive trade practice if the seller, within 30 seconds after beginning the conversation, does not identify himself or herself, whom he or she represents, and the purpose of the call.

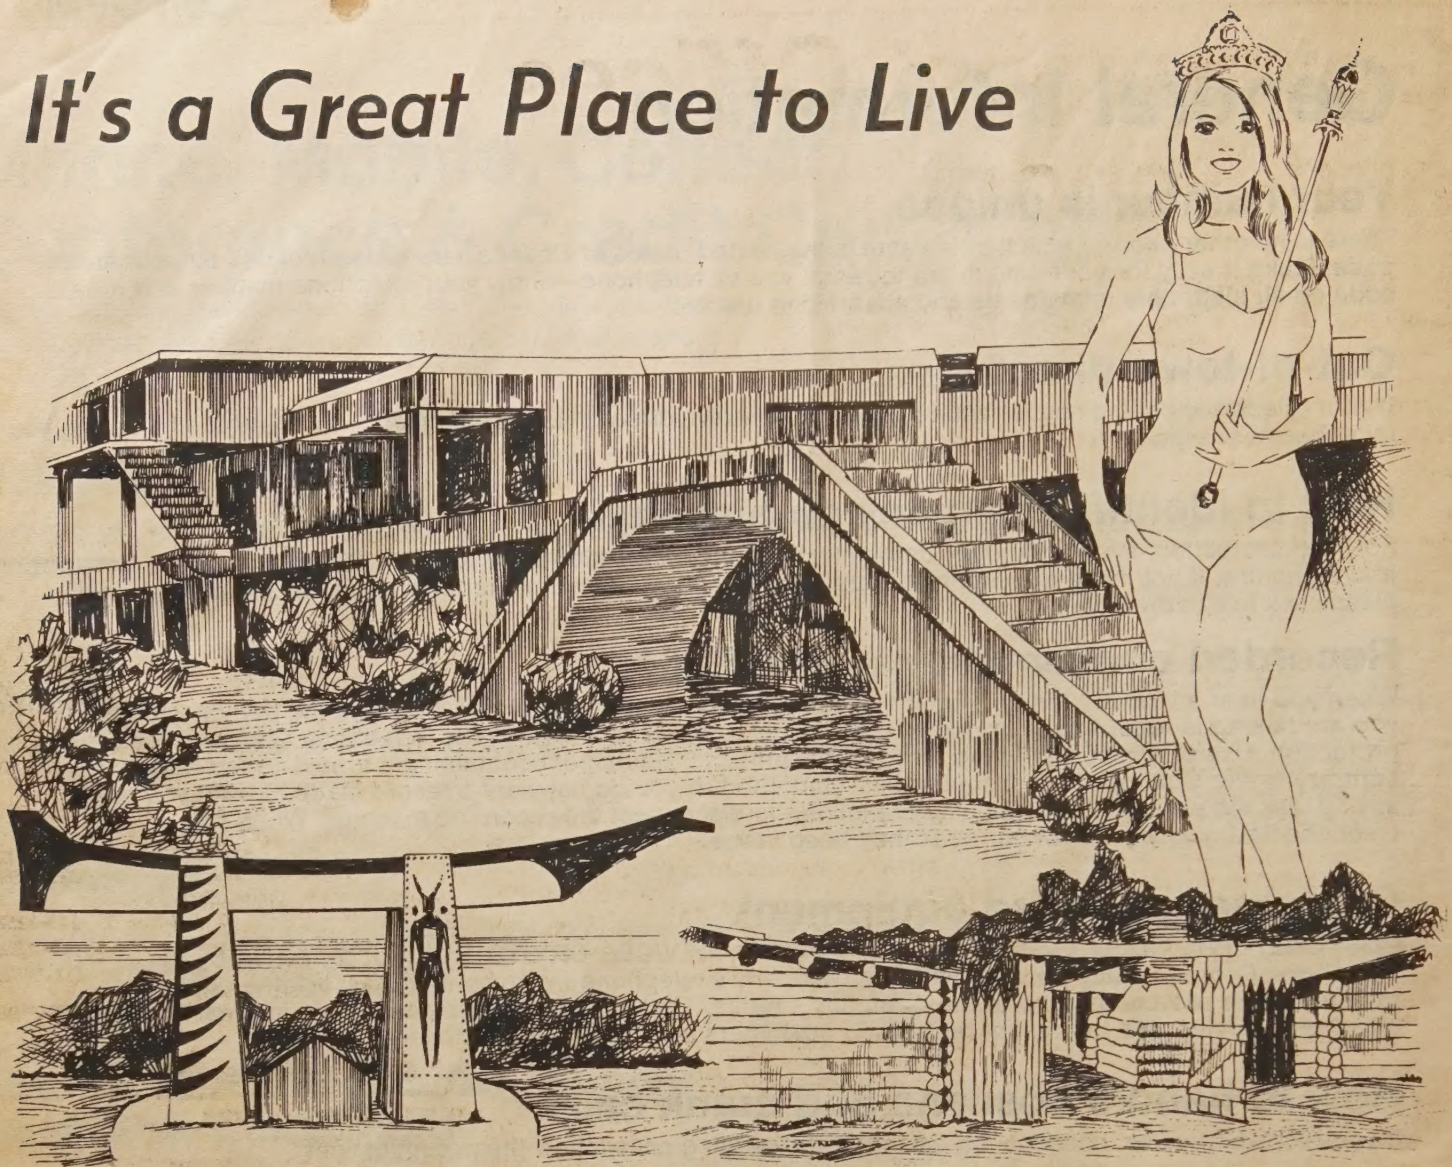

Damage to coin telephones.

Any person who intentionally damages any coin telephone in Oregon is guilty of criminal mischief and may be punished by imprisonment for one year or fined \$1,000.

The Company's rates, rules and regulations governing its services are subject to regulation by the Oregon Public Utility Commissioner, and are on file in our business office for public inspection.

Every effort is made to make Directory Listings as accurate as possible. The Company's liability for damages arising from errors or omissions in listings is limited in accordance with its tariffs.

It's a Great Place to Live

New construction on condominiums, apartments and land developments, has added new luster to the liveability of Clatsop County. Long noted for beautiful scenery and recreational benefits, the county now offers more to the casual visitor, or retiree.

Battery Russell, of deactivated Fort Stevens coastal fortifications, achieved fame during World War II as the first fortified spot in the continental United States to be fired upon since the War of 1812. No damage was incurred by the efforts of the Japanese submarine in June of 1942. The site is now a part of the popular Fort Stevens State Park and has been restored to a semblance of its original shape after many years of graffiti painting. This large state park continues to increase the camping sites and other recreational facilities.

Another fort that attracts a lot of attention in the area is Fort Clatsop National Memorial. The restored winter headquarters of the Lewis & Clark Expedition coupled with

the museum on the grounds affords everyone the opportunity to view the beginning of the Pacific Northwest.

Seaside attracts a large crowd every July for the Miss Oregon Pageant, when Oregon's loveliest young ladies compete for the right to represent the state at the "Miss America" contest. Seaside's wide beach keeps people coming back year after year for vacations and conventions.

These and many other scenic and recreational assets of the county continue to make the tourist business a major part of the economy.

Long time economic base industries of fishing, canning, longshoring, and lumbering continue to play their part in the diversified labor community.

The future looks good for Clatsop County, as housing continues in short supply, and the effects of industrial growth continue to supply jobs together with the steady production of basic industries.

Attention: Business People.

**Do you know that two groups of
ACTION PEOPLE
USE THE
YELLOW PAGES**

PEOPLE LOOKING FOR YOU...

1. Recommended
2. Influenced by Your Other Advertising
3. Solicited by You or Your Salespeople
4. Passers-by Who Were Impressed by Your Place of Business
5. Your Former Customers

This group May Experience Difficulty in Finding You. Here's How To Direct them to You...

1. Represent your firm under all headings pertaining to your business.
2. People may remember only your address. Help them find you—Feature your location prominently and provide specific directional information.
3. Give prominence to your slogan and emblems. Slogans and emblems are sometimes remembered and firm names forgotten.
4. If your firm is known by more than one name, list each name.

PEOPLE LOOKING FOR ANYONE...

1. Newcomers to a Community
2. Emergency Buyers
3. Dissatisfied with Present Supplier
4. People with an Occasional Need for Your Product or Service
5. Competitive Bid Buyers
6. Transients

In Choosing An Advertiser To Do Business with, These people are Influenced by

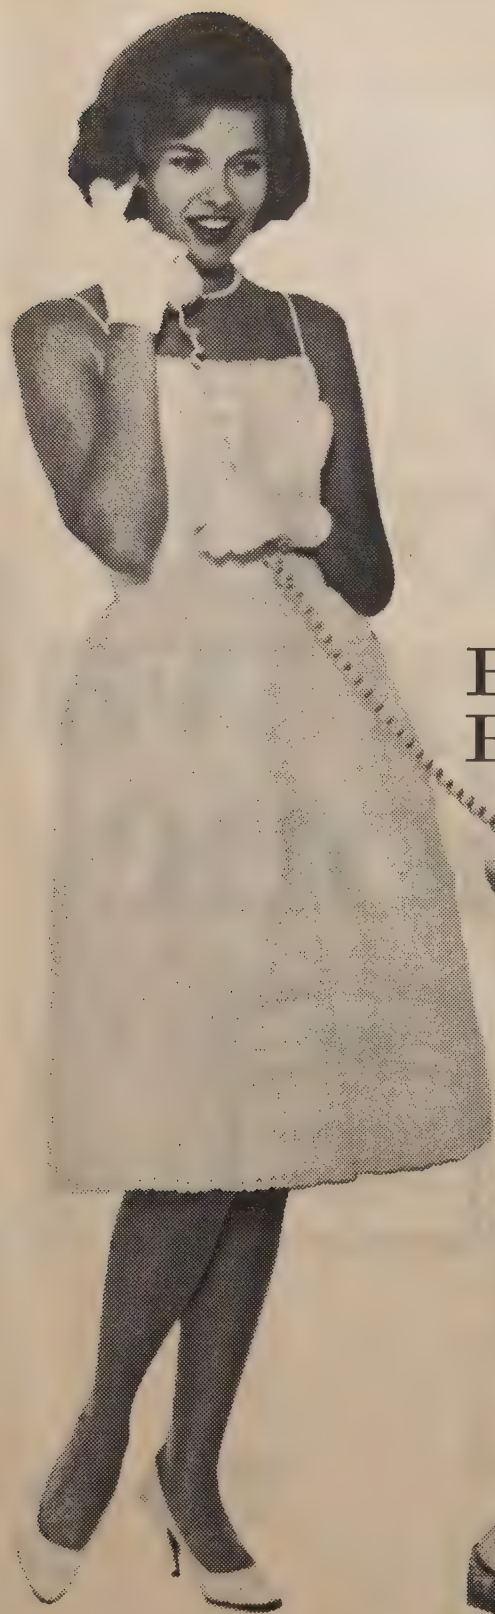

1. Reliability—Years in Business, Experience, etc.
2. Authorized Sales and Service—Brand Names
3. Scope of Services—Range and Variety
4. Complete Details of Services—Delivery, "Open 24 Hours," etc.
5. Illustrations, Emblems and Slogans
6. Location

Advertise for Action...

Call your Yellow Pages representative. You'll find him in these Yellow Pages under "Advertising—Directory & Guide"

In these busy days when saving time is so important, more and more telephone users are following the thoughtful way of answering the telephone: "Harry Smith speaking." Such an introduction establishes identity, saves time and makes a good impression.

Every "hello" is a good buy.

We just moved in...
 I have 3 kids...
 my washer broke!

When people need help in a hurry they may not know who can do the helping—But they know where to look for them.

That's why 3 out of 4 adults used the Yellow Pages over 3 billion times last year.

It's a great buyer's guide.

ALL-STAR CARPET CLEANING

SERVING ALL OF CLATSOP COUNTY

* COMMERCIAL * RESIDENTIAL

FAST, EXPERT CARPET CLEANING WITH THE FAMOUS

VON SCHRADER METHOD

USES DRY SUDS AND DEEP CLEANS YOUR CARPET

In this area, sand gets into your carpet and acts just like sandpaper if not removed.
Your household vacuum cannot get at all of this deep-rooted grit. Our Von Schrader
vacuum does. It also conditions and preserves your valuable carpet. Free estimates
gladly.

Want your advertising to get action?

Here's how:

Make sure the people who see your ad are looking to buy what you're selling and your ad will probably get action. And that's exactly why Yellow Pages advertising brings results!

People who read the Yellow Pages — Action-People — are ready to buy. Want proof? A recent national study found that 89 out of every 100 references to the Yellow Pages were followed up with some kind of action . . . a visit, a call or a letter.

Want that kind of action? Advertise in the Yellow Pages. It pays.

Advertise for action...

Remember these party-line golden rules:

- Space your calls instead of making several of them without a break.
- Talk only as long as you have to on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear to receive your call.
- Ask your youngsters not to monopolize the telephone.

The telephone industry has been dynamic in the part it has played in the development and in the progress of our Nation. Since its infancy, it has been characterized by rapid growth and evolutionary change due to the advancement of the telephone art through continuous research, development and invention.

Want your advertising to get action?

Here's how:

Make sure the people who see your ad are looking to buy what you're selling and your ad will probably get action. And that's exactly why Yellow Pages advertising brings results!

People who read the Yellow Pages — Action-People — are ready to buy. Want proof? A recent national study found that 89 out of every 100 references to the Yellow Pages were followed up with some kind of action... a visit, a call or a letter.

Want that kind of action? Advertise in the Yellow Pages. It pays.

Do you live in a house or apartment
where the telephone number is listed
under another name? You can have a
personal listing under your own name
in the Telephone Directory . . . at a
very low cost. Why not call our Busi-
ness Office for details?

To give the person at the other end of
the line time to get to the telephone, wait
a minute before you hang up.

We just moved in...
 I have 3 kids...
my washer broke!

When people need help in a hurry they may not know who can do the helping—But they know where to look for them.

That's why 3 out of 4 adults used the Yellow Pages over 3 billion times last year.

It's a great buyer's guide.

ONIONLESS ONION

If you like potato salad but do not like raw onion, you might try boiling an onion in the water in which you are boiling the potatoes for the salad. This gives the spuds the flavor of onion.

Have the right number when you call.
It's natural to trust to memory — but
when memory plays tricks with a tele-
phone number, you're delayed. When
you are not sure of a number — won't
you look it up in the telephone directory?

PARTY-LINE POINTERS:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone, always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

From Seaside Call-----738-5656

To dial correctly, pull the finger
all the way to the stop . . . then let
the dial return at its own speed.

When good party-line neighbors use
a dial telephone, they always remember
to make sure the line is clear before they
dial. And they replace the receiver
properly when they're through.

We just moved in...
I have 3 kids...
my washer broke!

When people need help in a hurry they may not know who can do the helping—But they know where to look for them.

That's why 3 out of 4 adults used the Yellow Pages over 3 billion times last year.

It's a great buyer's guide.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

EXPLOSION IN OVEN

If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

Errors in dialing are easy to avoid when
numbers are written out properly. The Area
Codes comes first (if the telephone is out-
side the state), then the three digits of the
prefix, separated from the last four numer-
als by a dash.

EtcHere's how you may be sure of getting
your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

Good party-line neighbors are consid-
erate party-line users. Remember these
golden rules:

- Space your calls instead of making sev-
eral without a break.
- Talk only as long as necessary on each
call.
- When you finish talking replace the
receiver properly.
- Make certain, if you are using a dial tele-
phone, that the line is clear before you
dial.

ONIONLESS ONION

If you like potato salad but do not like
raw onion, you might try boiling an onion
in the water in which you are boiling the
potatoes for the salad. This gives the spuds
the flavor of onion.

Here's how you may be sure of getting
your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

The telephone industry has been dynamic in the part it has played in the development and in the progress of our Nation. Since its infancy, it has been characterized by rapid growth and evolutionary change due to the advancement of the telephone art through continuous research, development and invention.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.

The
Yellow
Pages

have solved many a
buyer's problem.

Sewer Cleaning & Service

—See Plumbing—Drain & Sewer Cleaning

Please dial carefully... keep watching the dial.

We just moved in...
I have 3 kids...
my washer broke!

When people need help in a hurry they may not know who can do the helping—But they know where to look for them.

That's why 3 out of 4 adults used the Yellow Pages over 3 billion times last year.

It's a great buyer's guide.

Here are the Golden Rules for good
party-line neighbors:

- When you finish talking, replace the receiver properly.
- If you are using a dial telephone, listen for the steady hummming sound of the dial tone before you dial.
- Space your calls instead of making a series of them without interruption.

Party-Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone, always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.

Behind on orders? Let the handy Yellow Pages introduce the suppliers you need. It's fast. It's convenient. Wise buyers say there's nothing like the Yellow Pages of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try them once . . . you'll use them often.

Want your advertising to get action?

Here's how:

Make sure the people who see your ad are looking to buy what you're selling and your ad will probably get action. And that's exactly why Yellow Pages advertising brings results!

People who read the Yellow Pages — Action People — are ready to buy. Want proof? A recent national study found that 89 out of every 100 references to the Yellow Pages were followed up with some kind of action . . . a visit, a call or a letter.

Want that kind of action? Advertise in the Yellow Pages. It pays.

Advertise for action...

Telephone men and women recognize the significance and the importance of their service to you. You can depend upon them always to do their best to get your message through.

For speed and accuracy on your dial calls, listen carefully for the Dial Tone. Dial each letter and digit carefully, drawing the dial all the way to the finger stop. Each time lift your finger to let the dial return to position naturally.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

**People who look
in the Yellow Pages
are ready to buy.**

The proof? 89 out of every 100 references to the Yellow Pages leads to action — either visit, call or write. That's why Yellow Pages advertising pays off.

Advertise for action...

**When you say it
in the Yellow Pages,
the Action-People hear it.**

Over 92 million Action-People look in the Yellow Pages every year . . . an average of 40.1 times per person. And 89 per cent of the time, they do something about it . . . visit, call or write. Your ad should be there.

Good party-line neighbors remember to space their calls.

When you say it in the Yellow Pages, the Action-People hear it.

Over 92 million Action-People look in the Yellow Pages every year . . . an average of 40.1 times per person. And 89 per cent of the time, they do something about it . . . visit, call or write. Your ad should be there.

Advertise for action...

Have the right number when you call.
It's natural to trust to memory—but when
memory plays tricks with a telephone num-
ber, you're delayed. When you are not sure
of a number—won't you look it up in the
telephone directory?

Zip Codes for Nearby Post Offices may be
 Found at Beginning of Yellow Pages

*In
 Your Own
 WORDS...*

Hundreds of classifications in
 these **Yellow pages**
 are chosen from a
 study of the terms
 buyers use to describe
 what they want

*that's why
 it's so EASY to USE.*

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when the party you want takes down his receiver.
3. Please speak as cordially as you would if face-to-face.
4. Please place the receiver on the hook gently when hanging up.

This one-minute staff meeting could save your office hundreds of dollars:

Tell them you've discovered a way to get an economy rate on all out-of-state Long Distance calls. (But it doesn't mean cutting down on calls they need to make).

Tell them all they have to do is *dial* calls themselves, instead of placing

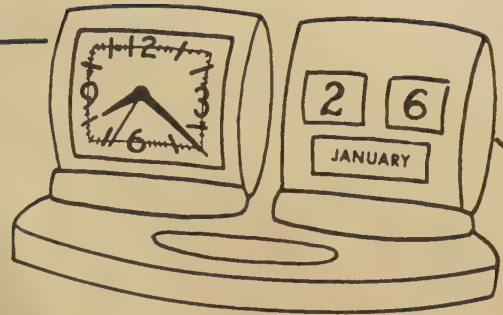

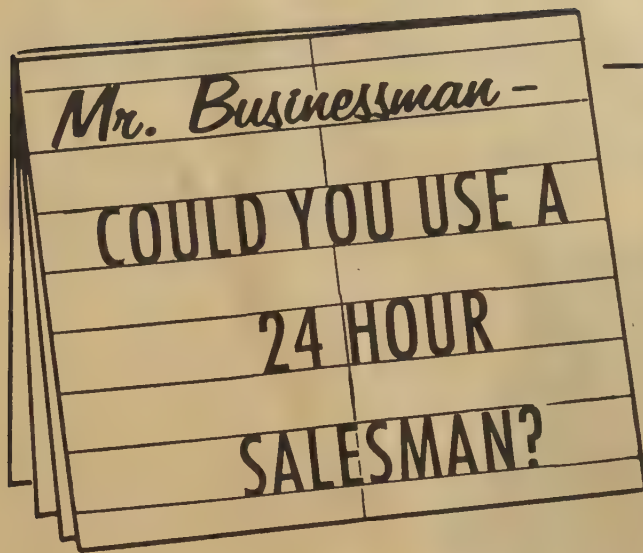

them through the operator. And that alone could cut office Long Distance bills by 20%, 30% or 40% every month.

And if that's still not enough, tell them you're even going to do it yourself.

Beat the squeeze

Pacific Northwest Bell

The

will tell your prospects —

WHO you ARE

WHAT you SELL

WHERE you ARE LOCATED

WHY THEY SHOULD BUY FROM YOU

THIS 'SALESMAN' WILL WORK AROUND THE CLOCK TO HELP SELL YOUR PRODUCTS AND SERVICES. 'HE' WILL BE IN EVERY OFFICE, HOME, FACTORY OR OTHER LOCATION WHERE THERE IS A TELEPHONE.

NO MATTER WHAT TIME PROSPECTS THINK OF YOUR PRODUCT OR SERVICE, YOUR YELLOW PAGES 'SALESMAN' IS ON THE JOB TO TELL THEM ABOUT **YOU**.

TRAVEL A LOT

(OR JUST GO FISHING)

CALL HOME NOW...
YOU'LL BE HAPPIER FOR IT

4 Call Guide

Long Distance Rates

Examples of a 3 minute call from SEASIDE

You pay a lower rate when you dial a station call yourself. These are calls where you dial "1", then the appropriate area code (if calling a location outside Oregon) and the called number. These calls must be billed to the number from which you are calling. Examples of rates for these calls are shown below.

CALLS YOU DIAL YOURSELF				
	MON thru FRI 8am - 5pm	SUN thru FRI 5pm - 11pm	SAT 8am - 11pm SUN 8am - 5pm	Special "One Minute" Rate 11pm - 8am Every Day

Area codes for some cities are listed on the preceding page.
For cities not listed, dial "0".

Long Distance

Station-to-Station

If you will talk to anyone who answers the phone.

Rates on station calls are less than rates on person-to-person calls.

Station-to-station charges apply even when a connection is made with an automatic answering device.

TO DIAL YOUR OWN STATION-TO-STATION CALL

Inside Oregon:

dial **1**, then the 7-digit number.

For example: to call **343-4199** in Eugene, dial **1**, then **343-4199**.

Outside Oregon:

dial **1**, and the area code, then the 7-digit number.

For example: to call **693-6199** in Vancouver, Wash., dial **1**, then **206**, then **693-6199**.

If you dial your own long distance call and reach a wrong number, hang up immediately and call an Operator. State what happened. The operator will see that you are not billed for that call.

Long Distance Directory Assistance

If you need a number in a distant city, dial Long Distance Directory Assistance.

FOR DIRECTORY ASSISTANCE

Inside Oregon:

dial **1**, then **555-1212**.

Outside Oregon:

dial **1**, then the area code, then **555-1212**.

Person-to-Person

Call person-to-person when you wish to talk to a particular person or extension number. Tell the "OPERATOR" you wish to make a "person-to-person" call. Rates are higher than station-to-station and also apply when you talk to an alternate person or extension. Charging starts when conversation begins.

Calls to Overseas Locations

You can call practically every telephone in the world from your telephone. To call an overseas location, tell the Operator you wish to place an overseas call and then give the name of the place you are calling.

Marine, Mobile, Collect, Conference & Credit Card Calls

The operator can handle your call faster if you first mention the type of call, the appropriate area code and called number. Give the operator your number when asked.

Mobile or Marine

Calls may be made from your telephone to automobiles, trucks, or boats which are equipped to receive calls. Dial the operator and ask for the mobile or marine operator.

Collect

Tell the operator you want to make a collect call. The called party must agree to pay for the call.

Conference

When you want to talk to several people in different locations at the same time, dial the operator and say you want to make a conference call.

Calls Charged to Another Number Telephone Credit Card

When you want to charge a call to another number, just tell the operator.

If you have a frequent need to charge calls to another number, it would be more convenient to use a Telephone credit card. Just call the Telephone Company Business Office.

Guarding Against Fraud

For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent calls. State and Federal laws provide that it is a crime to obtain telephone service through:

1. Deception or other means to avoid payment, such as the use of a false or fictitious telephone number or other fictitious credit device; or equipment; or
2. The unauthorized use of the telephone credit card of another.

Special Area Code 800 (Inward WATS)

Some companies advertise a service by which you may dial a special number from certain locations without a Long Distance charge. Just dial 1-800, and the number. To obtain the Inward WATS number of a company which offers this service, dial 1-800-555-1212.

General Information

Your number is unique.

There is no other number exactly the same in the United States or Canada when it is preceded by your area code. Make it easy for your customers to reach you by telephone—show your telephone number and area code on all stationery, statements and advertising pieces.

Out-of-town directories.

If your telephone calling needs require use of out-of-town directories, arrangements may be made by calling your local business office.

How to identify company employees.

For your protection, every employee carries an official identification card showing his or her name, photograph, and signature. If you have the slightest doubt about anyone saying they are from the Telephone Company, please ask to see their card.

Recorded conversations—the BEEP.

When you hear a “BEEP” tone at about 15 second intervals during your conversation, the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and is not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When it is disconnected, you will no longer hear the “beep” tone.

Customer provided equipment.

CUSTOMER PROVIDED EQUIPMENT, APPARATUS, DEVICES OR SYSTEMS not furnished by the Telephone Company may be used with the Company's telephone instrument and associated equipment provided such use complies with the Company's tariffs. These tariffs are designed in the interest of good telephone service and to prevent hazards to customers and Company employees.

How to handle obscene and crank calls.

If you receive abusive, obscene, harassing or threatening calls follow these suggestions:

1. Hang up at the first obscene word, or if the caller doesn't say anything the second time you say hello.
2. If the caller asks for your name, telephone number or address, give no information until the caller has been identified to your satisfaction.
3. Advise your children to give no information to strangers on the phone. If you are not at home have them say that “mother can't come to the phone at the moment.”
4. If the calls persist call your Pacific Northwest Bell Service Representative or the police department.

We remind everyone that Oregon law provides up to 1 year in prison and \$500 in fines for making obscene or harassing calls. Where evidence is clear, we are permitted to disconnect or remove the phone service of anyone making such calls.

It's the law.

Under Oregon Law, soliciting by telephone is forbidden as a deceptive trade practice if the seller, within 30 seconds after beginning the conversation, does not identify himself or herself, whom he or she represents, and the purpose of the call.

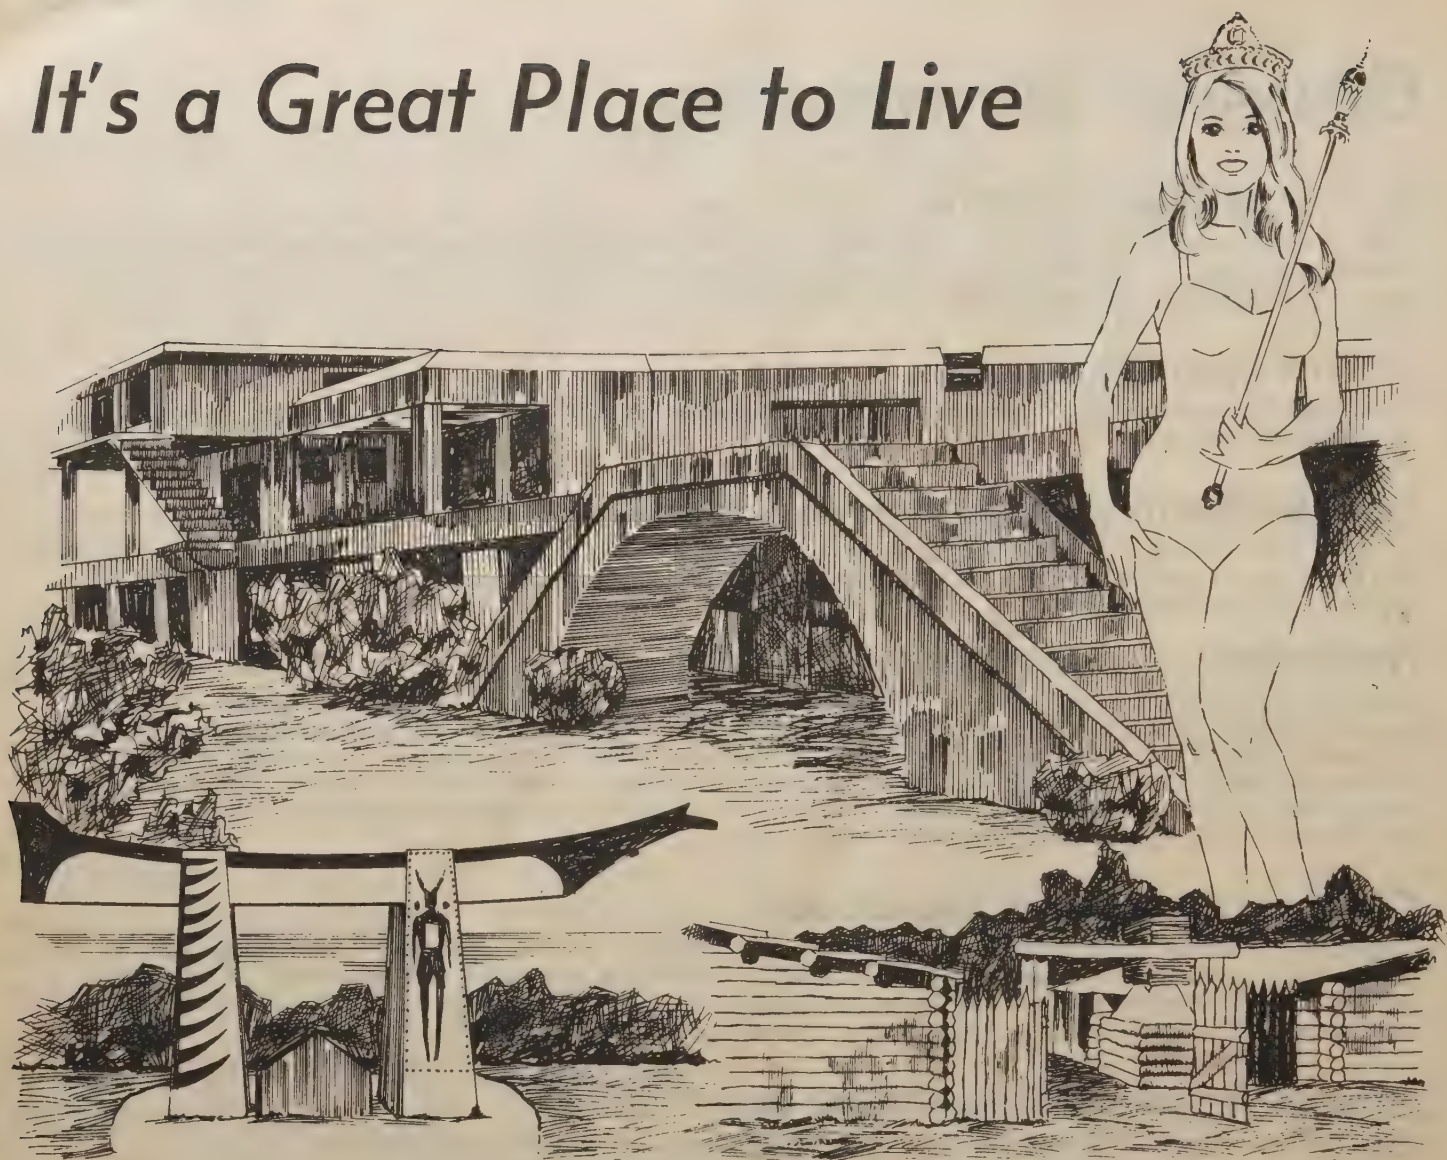

Damage to coin telephones.

Any person who intentionally damages any coin telephone in Oregon is guilty of criminal mischief and may be punished by imprisonment for one year or fined \$1,000.

The Company's rates, rules and regulations governing its services are subject to regulation by the Oregon Public Utility Commissioner, and are on file in our business office for public inspection.

Every effort is made to make Directory Listings as accurate as possible. The Company's liability for damages arising from errors or omissions in listings is limited in accordance with its tariffs.

It's a Great Place to Live

New construction on condominiums, apartments and land developments, has added new luster to the liveability of Clatsop County. Long noted for beautiful scenery and recreational benefits, the county now offers more to the casual visitor, or retiree.

Battery Russell, of deactivated Fort Stevens coastal fortifications, achieved fame during World War II as the first fortified spot in the continental United States to be fired upon since the War of 1812. No damage was incurred by the efforts of the Japanese submarine in June of 1942. The site is now a part of the popular Fort Stevens State Park and has been restored to a semblance of its original shape after many years of graffiti painting. This large state park continues to increase the camping sites and other recreational facilities.

Another fort that attracts a lot of attention in the area is Fort Clatsop National Memorial. The restored winter headquarters of the Lewis & Clark Expedition coupled with

the museum on the grounds affords everyone the opportunity to view the beginning of the Pacific Northwest.

Seaside attracts a large crowd every July for the Miss Oregon Pageant, when Oregon's loveliest young ladies compete for the right to represent the state at the "Miss America" contest. Seaside's wide beach keeps people coming back year after year for vacations and conventions.

These and many other scenic and recreational assets of the county continue to make the tourist business a major part of the economy.

Long time economic base industries of fishing, canning, longshoring, and lumbering continue to play their part in the diversified labor community.

The future looks good for Clatsop County, as housing continues in short supply, and the effects of industrial growth continue to supply jobs together with the steady production of basic industries.

Government Offices and School Listing Guide.

Fun

EASY AS PIE

THAT'S DIRECT DISTANCE DIALING!

To a nearby city, or across the nation, your Long Distance Call goes through in seconds when you dial it yourself. And Direct Distance Dialing is easy and fun, too! No wonder more and more folks are taking advantage of DDD—the modern efficient way to place Long Distance calls.

Less than three inches wide, it takes up very little room on a nightstand, on a counter top, on a wall.

A Trimline® phone makes life just a little easier. Pick it up and the dial comes to you, with an instant *recall* button right under it. Not a big thing, to be sure. But it does mean you can make call after call without hanging up. Just a press of the *recall* button and you're disconnected from the last call and ready to dial again.

There are a couple of other good things about a Trimline phone—a lighted dial, a longer cord. Just little things. But very nice.

A Trimline phone can say a little something about you. About your taste. Your sense of style.

Start with a small home improvement.

Call our business office now or ask any telephone man for your Trimline phone.

Small home improvement.

THE WALL PHONE
A favorite where counter space is at a premium.

THE PRINCESS® PHONE
At a flick of a switch, the Princess telephone glows with a soft night light.

THE TRIMLINE® WALL PHONE
Features a handy place to rest the receiver, so you can put it down without hanging up.

THE DESK PHONE
The basic phone for home or business. (Illustration shows the Touch-Tone dial available in many exchanges.)

THE TRIMLINE® PHONE
Walk-around convenience with the dial right in the handset, including a long cord and dial that lights up.

Order your favorite.

For the model and color of your choice, call our business office. You'll find the number in the Call Guide section of this directory.

THE TOUCH-TONE® DIAL
In many exchanges every telephone model (like the Trimline phone) is also available with the new super-fast Touch-Tone pushbutton dial. Your business office can tell you if you can order Touch-Tone phones in your local exchange.
